Changes at Pathways

By Mark Stephenson, Pathways Board President and Interim Executive Director

Last month, Dr. George Hospodar as our Executive Director. We are grateful for George's service to our organization for the past year and a half. Money Matters, What Every Pastor Needs to Know

A national organizer and even a team of our National Trainers, we have been able to accomplish much in a short time.

A Revised Complementary Workshop Curriculum. This recently prepared this past summer at Chautauqua along with Pathways to Promise staff. We are also training our team of volunteers, and soon to become board training participants.

Our Pathways to Promise Board of Directors has been restructured. We have a new Board President, Vice President, and Board of Directors Complementary Workshop.

And Brian a Grant Proposal secured a significant grant for Pathways for 2024 from a foundation.

Our Interim Executive, Technical Board President, has stepped in to serve as Interim Executive Director. Pathways to Promise is grateful for Mark's willingness to serve and for his many contributions and other mental health leadership that resources our time.

Explore Upcoming Training Events to Become a Companion or Community Trainer

Become a Companion Workshop

The *Become a Companion* Workshop equips ordinary individuals to reach out to those in distress, offering vital public social support as they train to listen with empathy and without judgment. Participants learn how to assess risk, identify a person's vulnerability and lead them with universal respect. In Companionship, we affirm that unrelated through genuine human connection. Sensitivity, compassion, and respect are the foundation of the Companionship approach.

Learn about the revolutionary Companionship Model which has five important tenets: hospitality, relationship, side-by-side, listening, and accompaniment. Through the Companionship Model, we offer a unique and transformative approach rooted in a relational engagement model that enables relational change when helping others.

Upcoming Workshop

Wednesday, January 18, 2023, 5-8 pm CT
(Virtual Attendance available)

Register for Become a Companion

Community Trainer Training

Do you want to lead Companionship Workshops? Apply to be trained as a Community Trainer! This virtual, two-day course includes:

- Become a Companion, a three-hour workshop that teaches participants the principles and practices of Companionship that equips them to come alongside others in distress.
- Community Trainer Training, an eight-hour training that trains people to lead the Become a Companionship workshops themselves.

Upcoming Training

Wednesday, January 18, 2023, 5-8 pm CT
Thursday, January 19, 2023, 5-8 pm CT
Application Deadline Friday, January 13th

You are encouraged to complete the application no later than November 7th.

For more information and to register/apply, click here

Attend *Taste of Companionship*

Taste of Companionship introduces Companionship and provides time for participants to experience it. This half-hour is for non-attendees to listen to, learn, participate or audition.

- **Wed., February 15, at 2PM CT, led by Dr. Hosts Perry, National Trainer Appointee**

JANUARY

These resources are dedicated to raising awareness and bringing to highlight themes from the Mental Health calendar for January.

Mental Wellness Awareness Month

"January is Mental Wellness Awareness Month. This is the time to recognize the importance of attending to our mental health, especially taking the next steps to seek help when we need it. Mental health is not a luxury. It is a necessity. And mental health is just as important as physical health."

International Mind Body Wellness Day - January 3

"January 3 is International Mind-Body Wellness Day, an opportunity to celebrate how a healthy mind and healthy wellness means a healthy body. Mind-body wellness is a holistic approach to health that looks to our overall health and well-being. Our emotions, purpose, relationships, and spirituality all play a role in our health. Mind-body wellness incorporates both Eastern techniques and scientific methods. That is why we celebrate International Mind-Body Wellness Day at the start of each year. Let's commit to taking care of our minds and bodies in 2023. We will be more successful in our mental health efforts than the year that is new year."

MLK Jr. Day - January 20

The annual King Holiday Observance is a time that we celebrate, commemorate and honor the life, legacy and impact of Dr. Martin Luther King, Jr. The King holiday was signed into law as a federal holiday in 1983 by President Ronald Reagan. While serving as the chief King memorial of Dr. Martin Luther King, Jr. Holiday Commission, Coretta Scott King was the driving force behind the celebration of Dr. King's accomplishments and vision. The Coretta Scott King's powerful conversation and formal institutionalization of that work through a national holiday established the King Holiday Service Act in 1994 and the King holiday on January 20th, 2023."

National Day of Racial Healing - January 21

"It's been the sixth annual National Day of Racial Healing. PROMISE on Tuesday, January 21, 2023. We aim to engage and unconditional love in our country to engage in activities, events, or strategies that promote healing and foster connection between individuals, groups, and communities that have been impacted by racism. The MLK Tellings Foundation has created a healing circle guide that includes promotional resources and preparation tips. The guide includes suggestions for how to host a healing circle, as well as ideas for creating opportunity for people and organizations to come together in their common humanity and take collective action to create a more just and equitable world."

Chinese New Year - January 29th

"The holidays is about luck, health, and reuniting with family.

Chinese New Year, also known as Lunar New Year, is the holiday celebrated by many Asian countries. Many Asian countries and cultures celebrate the New Year, but many commonalities between Chinese New Year and Spring Festival. Typically falls between mid-January and mid-February, usually on the first day of the first lunar month, and is known as the Chinese zodiac animal. It's the Year of the Tiger!"

FEBRUARY

These resources are dedicated to raising awareness and bringing to highlight themes from the Mental Health calendar for February.

February is Black History Month

"Learning about the history of academic record. During Black History Month and all year. In the mental health system and environment and to honor Black communities in the US and around the world is key for creating a mentally healthier world.

We are highlighting Black and African American contributions to the mental health movement. Black and African American mental health leaders have led the field of implementation of Black and African American people in the mental health system, and as a consumer and provider in their roles.

This is a non-exhaustive list of Black and African American mental health movement.

"Note: MIA uses "Black History Month" as opposed to African American History Month to be more inclusive of Black people from other ethnic ancestry in addition to all who US identify as Black."

February is Ethnic Equality Month

Ethnic Equality Month - "Ethnic Equality Month as celebrated in February every year. It is a period to recognize the universities of people here, all acknowledge, and celebrate the differences in all of us. So, no matter what race, ethnicity, or culture we belong to, we can all come together to observe equal rights and equal opportunities. Ethnic Equality Month is a great time to reflect and challenge ourselves, as a group and individuals. It brings in the opportunity to learn about each other's cultures, to be aware of the ways we are achieving equality, and what each of us can do to contribute to building the world should be striving to achieve, social equality and justice."

National Eating Disorders Awareness Week - February 26-March 2

"Eating Disorders Awareness Week (EDAW) is an annual campaign to educate the public about the realities of eating disorders and to support those who struggle with them. The campaign was launched by the eating disorders. Eating Disorders Awareness Week 2023 is being place Monday, February 27 – Sunday, March 5, 2023.

The theme for this year's campaign is "Come As You Are" and among mental health conditions, with one person dying every 52 minutes, and more than 9.2 minutes, yet many are unaware of the barriers that prevent people from getting help. The goal of this week is to raise understanding about eating disorders and their impact.

This year's theme, "The Time is Now," aims to shift this perception—because the time to act is now. The campaign encourages everyone to encouraging early detection and treatment, and supporting ongoing research.

Together, we can make this HIGHER a turning point for greater awareness, empathy, and support for all impacted by eating disorders."

Pantsnanne - Nnnanne Day - February 15

"Buddhism is often seen as the most psychological of the major world religions. It emphasized in a search for an answer to the problem of dukkha (affliction), the existential suffering that comes from attachment to the world. The Buddha, Siddhartha Gautama, who went to become the Buddha and the founder of the faith, was a spiritual journey. It was as a result of this journey that Siddhartha Gautama found his transformational experience, his enlightenment."

MARCH

These resources are dedicated to raising awareness and bringing to highlight themes from the Mental Health calendar for March.

March is National Women's History Month

"Each March, we celebrate National Women's History Month. This is a time to honor the contributions of women throughout history and to recognize the ongoing struggles that women face around the world. Mental health is a particularly important issue for women, as they are more likely to experience certain mental health conditions than men. In addition, women are often the primary caregivers for children and elderly family members, which can take a toll on their own mental health."

March is Developmental Disabilities Awareness Month

"Each March, the National Association of Councils on Developmental Disabilities (NACDD) and our partners work together to create a social media campaign that highlights the many ways in which people with and without disabilities come together to form strong, diverse communities.

The campaign seeks to raise awareness about the inclusion of people with developmental disabilities in all facets of community life, as well as awareness of the barriers that people with disabilities still sometimes face in connecting to the communities in which they live."

LGBTQ Health Awareness Week - March 17-21

"This year's theme emphasizes the VITAL role of VIBRANT and diverse VOICES in the ongoing awareness of LGBTQ health challenges in the LGBTQ community. Through a series of educational webinars and trainings, the Coalition, along with over 600+ partner organizations, will work to uplift the voices of LGBTQ individuals, healthcare professionals, and advocates to foster informed dialogue and drive meaningful engagement in LGBTQ health care.

During National LGBTQ Health Awareness Week, hundreds of organizations across the country will join with the Coalition in conversations, using their VITAL VIBRANT VOICES to advocate for improved health outcomes for the LGBTQ community.

Founded in 2000, the Coalition represents LGBTQ individuals, health care/service providers, researchers, and advocates. The Coalition created the National LGBTQ Health Awareness Week 22 years ago to raise awareness about timely and relevant issues impacting LGBTQ health care."

The LGBTQ+ Community and Alcoholism

"Alcoholism is a very serious problem in the LGBTQ+ community. Up to 25% of the general LGBTQ+ community has moderate alcohol dependency, compared to 5-10% of the general population. Some subgroups of the LGBTQ+ community have even higher rates of abuse. The group with the highest drinking rates in the LGBTQ+ community was bisexual women, 23% of whom were dependent on alcohol. Gay men were the next highest group at 15%. If alcoholism is growing, and many treatment facilities now tailor programs, or at least aspects of programs, to meet the unique needs of LGBTQ+ individuals."

Ash Wednesday - March 5

The Place Where Lent and Mental Health Meet

"At its core, Lent is about preparing ourselves for a deeper and fuller reception of Christ into our hearts. The Church encourages the practice of prayer, fasting, and almsgiving as the primary methods of preparation. Oftentimes, this culminates in the celebration of Holy Week, coming to fruition on Easter Sunday, when we receive and celebrate the Risen Lord. In many ways, this journey can be summed up as a movement from death to resurrection; by laying down our self-reliance ("dying to ourselves") and making room for a greater reliance on God, we find ourselves truly enjoying deeper healing and contact with our Creator. The first step to this journey is honest introspection with him. This requires us to lower our defenses and acknowledge our vulnerability, often laying aside the things we use to shore ourselves up. This is the place where mental health enters the picture; it can be incredibly painful (and dangerous) to suddenly abandon coping strategies that are keeping us afloat. My hope is that this article can provide some guidance on how to participate in Lent while also making mental health a priority. If we are to grow closer to God specifically as we are, we must make room for our mental and emotional state."

International Women's Day - March 8

"Good mental health is essential to overall well-being. More than 1 in 5 women in the United States experienced a mental health condition in the past year, and as depression or anxiety [...] Many mental health conditions, such as depression and bipolar disorder, affect more women than men or affect women in different ways from men [...] Most serious mental health conditions cannot be cured. But they can be treated, so you can get better and live well."

Holi - March 14

Benefits of Holi for Mental Health and Emotional Well-Being - March 14

"Holi, the festival of colours, is more than just a celebration. It's an experience that connects people, spreads joy, and creates a sense of community. The vibrant festival has a rich cultural heritage, and over time, many have come to appreciate its positive impact on mental and emotional well-being. The benefits of Holi go beyond the surface-level fun of splashing colours; they reach deep into how it affects our minds and emotions, creating a lasting effect that many of the colours have faded."

World Down Syndrome Day - March 21

Mental Health & Down Syndrome - March 21

"A common misconception held by people unfamiliar with Down syndrome is that individuals with Down syndrome always feel happy. Families, caregivers, doctors, and individuals with Down syndrome themselves know it does not limit the experience of emotions. Children and adults with Down syndrome experience all the same emotions everyone experiences, both good and bad. They also experience mental health disorders including depression, anxiety, obsessive-compulsive disorder, and others."
